## Why Do You Go To The Movie?

While everyone else is making the "why" of things, we wish to take this opportunity of asking why in the world students usually in pairs, persist in carrying on several occasions that certain type of motion picture. The wonder of it is that so many people who really go to the movies to enjoy a few hours of genuine enjoyment are willing to contend with the disturbances that are continually going on. We have noticed on several occasions that certain type of motion picture does not meet with the approval of the student body, though they have been acclaimed by critics as being particularly worthwhile before they reached Morehead. The probable solution to the lack of appreciation of the better type of films lies in the fact that so little criticism is paid to the article that subtle allusions and sophisticated repartee are lost on the average student who goes to the cinema for purposes other than enjoyment of the screen itself. Consequently, the development of the theatre is forced to purchase many films of inferior quality simply because the theatre going student demands the "high school" love story.

It takes an enterprising American to bridge the expansive Pacific, by air, but history has shown that the Japanese are the most bitter initiators. We predict that they will open air mail routes to this country in a few months, though scientists explain that it is more difficult to fly east than west, due to the movement of the earth.

## Arms Appropriation Increases

Shortsighted prognosticators see a solution of the European trouble in the friendly elimination at the peace conference, but we ask why the governments of Europe have appropriated more funds for defense this year than at any time before in history. Why are these guns will not be allowed to rust. In addition, the French ministry announced this month the completion of the fortification of the German border. Adolph Hitler uncovered one of the world's greatest air fleets in a brilliant demonstration over Berlin two weeks ago. Does that sound the peace?

The fertile plains of the west are likely to become fertile if the erosion of the soil is not checked. The amount of it is almost impossible to conceive of the thousands of tons of earth that are carried from the west by the high winds. Unless we begin to take care of our high land of gullies (gullies) it will be quipped over the dry days to reach the ocean.

## RESOLUTION

At a meeting of the Board of Regents Wednesday, the following resolution was adopted:

WHEREAS, the All-White Movement has seen fit to remove from our midst a beloved citizen in the person of the Honorable Allie W. Young, who was one of our greatest men, not only of this century, but of all time; whose leadership was recognized by those whose vision was like that of a Jeremiah; whose gift in the practice of the law was an ornament to his profession; whose statesmanship in the Kentucky Senate was a credit to the Hickman, the Clays and the Manfords; whose influence in road building has broken down the isolation that existed in the Kentucky mountains; whose connection with the Morehead State Teachers College has been a rare blessing, due to his fatherhood, his hearty maintenance and his great pride.

THEREFORE, be it resolved that the Board of Regents of the Morehead State Teachers College express its great esteem and sincere sympathy to each member of the family of the deceased and that a copy of this resolution be sent to the family, to the press of the state and that a copy be spread upon the minutes of the Board of Regents of the Morehead State Teachers College.

The editorial in last week's TRAIL BLAZER concerning the Junior prom had its desired effect to sponsor a meeting this week decided to sponsor a meeting. Not only with most editorial which have been written concerning an honor system for the College. It was suggested that the seniors provide for some sort of arrangement for the student body might express its opinion regarding such a system but nothing has been said or done about it.

## At The College Theatre

Out of the most appealing of fictional triangles, "LADDIE," RKO Radio Picture based on the world famous Gene Stratton-Porter novel, builds what is said to be one of the finest of screen romances. Mrs. Stratton-Porter was so deftly the human sympathy and drama into "LADDIE," that the novel is listed among the ten best sellers of the last fifty years. And it comes to the screen with all the wizardry of her literary genius.

Laddie, a son of the soil, college-bred, but preferring to follow in his father's footsteps as a farmer, meets the "Princess," an English girl of noble family. Her father symbolizes the blooded social level. It is a tremendous battle of, for, and by, love, that comes; with dramatic situations interwoven in the subplot and the humor threads. It is tribute to the power of the story, that it has 40,000,000 readers all over the world today; and RKO-Radio makers of "LITTLE WOMEN," and "LAND OF THE GIANTS," have thought to give a similar direction to the photoplay wrought out of the classic novel.

Some critics have called the "LADDIE" love theme the sweetest of all fictional romances. But in truth, it is not altogether fictional, for "LADDIE," as Mrs. Stratton-Porter later wrote, was in some respect a story of her own youthful environment. Its characters actually lived, and its thematic threads were actually spun by Fate to enmesh the lives of the Indiana folk, and the British family, about whom the tale centers.

John Beal has the title role, and Gloria Stuart is the "Princess." Other important roles are in the hands of Gloria Ross, Charlotte Henry, Donald Crisp, Willard Robertson, Dorothy Peterson, Greta Meyer, Grandy Sutton, Virginia Waller, and Jimmie Butler. George Sargent directed for RKO-Radio.

In addition there will be an excellent program of short subjects, including a Harry Langdon comedy. For Friday, May 10th, Paterson will be Richard Dix in a great "western" of the lighter type entitled "WEST OF THE PECOS." This show, will also include two regular shorts, Andy Clyde and Popeye, The Sailor.

## Lloyd Debating Team Goes Through Year Undefeated in Regular Schedule; Engaged in Total Of Twenty-Five Contests This Season

Left to right, Howard Hadden, Mervin Huden, Paul Holman, Dr. A. Y. Lloyd, Earl Dean, Kelle Rioser, and Elmer Huden.

Intercollegiate debating was inaugurated at Morehead in the fall of 1935. In 1931 only three debates were held. Morehead won one and lost two. Prof. Parvett was the instructor and coach of the Morehead team.

In 1932 debating at Morehead was characterized by lack of interest on the part of students when Prof. A. Y. Lloyd issued a call for debate material. The season began with the unexpected arrival of a team from Morris-Harvey and Morehead lost. After losing to the West Virginians

the team settled down to real work and won the majority of their contests.

The season of '33 looked promising in which they tried out on the

In '32 and '33 the team engaged in twenty debates and only lost two. This success was due in no small degree to the efficient leadership of the debate coach, Prof. A. Y. Lloyd. In 1934, due to a leave of absence of Prof. Lloyd, the Morehead team was under the guidance of Prof.

Hugy Counts. Again the team reaped success engaging in fourteen debates and losing only two.

The team this year capped the climax when it engaged in twenty five debates without losing one on the regular schedule. This squad can boast that they beat the country's best, since they defeated such schools as the University of Vermont, Washington and Jefferson, and Murray College which won the Mid-South Tournament last year.

## 3 One Act Dramas Planned By Class

The play production class of Morehead State Teachers College under the direction of Lucille Canfield, will present three one act plays in the College auditorium. The first evening, May 1, "Surprised Desires," a comedy by George Cook and Susan Glaspell will be the initial presentation. It will be followed by a bit of Irish drama from the pen of Lady Gregory, entitled "The Bishop of the Moon." The finale of the evening will be a farcical sketch, "All on a Summer Day," written by Frances Fryer in collaboration with Colville Clements.

The first play, "Surprised Desires," a satire on modern married life, will appeal to the more sophisticated, although it contains certain humorous incidents and situations that will please everyone. Neil Cassidy remembered for her excellent work in "Pim Pans By" is especially good in the feminine lead. In the supporting cast are: Watt

In chapel Wednesday, Mr. Horton, head of the music department of the college, gave an interesting talk about collecting stamps.

The "English-32" class has received membership cards from the National Scholastic Playbook Club.

## Grad Sponsors Art Exhibit At Grayson

Exhibit At Grayson

Mrs. Maxine Yates Jayne, former Morehead student, who is teaching art in the Grayson schools, sponsored an art exhibit and demonstration in the Prichard high school gymnasium the afternoon of April 19.

A puppet dramatization of "Boots and His Brother" and a shadow marionette show of "Dr. Doolittle and the Pirates" featured the program. The puppets and scenery were made by Mrs. Jayne.

Included in the exhibit were oil paintings, booklets, craft projects and various correlated reading and science activities worked out by pupils in the grades.

The program was well attended and enthusiastically received. Grayson is to be congratulated as one of the few school systems in Eastern Kentucky which employs an art teacher.

# SPORTS FORUM

By J. K. WELLS

In most of the types of athletic contests between Morehead and the other institutions in the state, the Eagles are usually the underdogs; however, in baseball the reverse is true. A Morehead alumnus doesn't boast a great deal concerning his school's prowess in basketball and football, but when baseball is the sport under discussion, he always waves eloquent in praise of his alma mater.

A limited student body and inadequate athletic facilities have hampered Morehead in all sports and in basketball and football the teams have been unable, as yet, to overcome this handicap to any great extent. In baseball, however, Morehead has overcome all difficulties and for the past five or six years, has turned out more consistent winners in the diamond sport than any other school in the state. For a number of years, the Eagles claimed the baseball championship of Kentucky, and last year, only an upset defeat, at the hands of Eastern, robbed the team of the title.

This year, with all of the heavy hitters from last year's variety back and the addition of Varnoy, Dale and Vinson, freshmen, the Eagles should be strong enough to wade through all their opposition with comparative ease, and we look forward

An article concerning the need for progressive organizations on the Morehead campus, which appeared in this column last week, evoked more comment than anything I have attempted before. It seems that the Campus Club members considered their fraternity; it really is a fraternity, you know. I use the Campus Club as an example because, more than any other organization on the campus, this club is in a position to influence them, and does, IN THE WRONG DIRECTION.

However, to be perfectly fair to the Campus Club I will devote space in this column if any of their members believe it will to answer my accusations in next week's TRAIL BLAZER.

We have an exceptionally lousy day for you all this week.

Gay: They say you don't like dogs.

Feller: Oh, I came home the other night lit up like a lamp post.

I'll see you all as usual next week.

## WAVE STAR HIRED TO COACH TRANSY

Claude "Little Monk" Simons, all-American football star on the University of Tulane team last year and generally hailed throughout Dixie as one of the greatest football players ever developed in the South, has been appointed head of the department of physical education and head football and basketball coach at Transylvania College. It was announced last Thursday by Dr. V. F. Payne, faculty chairman.

Simons, who is twenty-nine years old, will graduate from Tulane in June. His contract at Transylvania is for three years. He succeeds Coach Jim Shannon.

### NOTICE

All students who would like to play on the TRAIL BLAZER soft ball team in the college intramural league, and who haven't signed up with any other club, please see John K. Wells some time next week.

### BOXING

Three title fights and one battle between two heavyweight title contenders will take place in New York during May and June.

May 10th Tony Caccamo vs. Leo Ambers for the World's lightweight title.

May 28 — Ross vs. Jimmy McLarni for the world's welterweight championship.

June 13 — Max Baer vs. Jimmy Braddock for the heavyweight championship.

June 25 — Joe Louis, Detroit, negro heavyweight, vs. Primo Carnera.

### LLOYD DEBATING TEAM

(Continued From Page Two)

A compilation of figures shows that Morehead has engaged in 63 debates in its history. Of this number only 4 decisions have been declared against the Morehead team. Of course the men who debate doing so to Dr. A. Y. Lloyd for his untiring work in building up a championship team.

## Prospects For Championship Diamond Nine Indicated By Wealth Of Material On Hand

An examination of the material out for this year's Eagle baseball team reveals that prospects, at a school where good baseball teams are taken as a matter of course, are probably the brightest they have ever been. Past records and performance of the candidates out for the squad indicate that the team will be made up of a group of seasoned veterans, and every position will be filled by men who have had several years of baseball experience.

The team this year will be well rounded defensively and should have enough batting punch to down any team in the state at ease.

According to pre-season dope, Wooden Dale, high school season from Mississippi, will get the nod for the mound duties and Claude Clayton and Carlos Wyatt, Kentucky State League past-timers and veterans Eagles, will alternate behind the bat. Jarrel Vinson, formerly with Louisville in the Tri-State League and at present with Flemingsburg of the Kentucky State League, seems a sure bet for first base. Vinson in his debut with Flemingsburg last Sunday, blasted two homers to aid the Farmers in their victory over Paris. At second base, Wade Hall, who played in the past with the Stumbe brothers at McDowell, seems to be the leading candidate.

Lon Ooley, spark plug of last year's Eagle nine will be seen in his old spot at short stop. Tommy Ryan, last year's variety man and at present with the Morehead Pirates of the Kentucky State League will cover the hot corner for the Eagles.

In the outfield, Oakley Wooten and Lloyd Nolan, former Eagles, and at present with the Morehead Pirates, will team with Luke Varnoy, talent chump of the Tri-State League one season while playing with Louisville.

The following is the schedule: May 10 — Wesleyan College at Winchester.

May 14 — Eastern at Richmond.

May 17 — Western College here.

May 22 — Transylvania here.

May 25 — Eastern Teachers, here.

## WHITES BLAST GOLDS 13 TO 6 IN GRID FINAL

Petry, Diminutive Fresh Back, Stars For Winning Team.

A courageous "white" football machine fought the favored "gold" aggregation off its feet to win, 13 to 6, in the final scrimmage of the Morehead Eagle's spring practice last Wednesday. The whites scored in the first quarter quarter as Herman Taylor smashed through tackle and went over from the 17 yard line. The gold clad eleven came back in the second quarter to tie the score as Jarrel Vinson crashed the line and went over standing up from the six yard line. The Whites downed the final and winning touchdown in the third quarter as Manabe scored from the four yard mark as a fine brilliant run by Petry, diminutive freshman back, placed the ball in scoring position. The line converted the extra point from placekicks.

The white team was composed of last year's winners, plus a few freshmen, while the gold team consisted entirely of last year's yearlings. The freshmen crew had been winning consistently in the scrimmage sessions this year but couldn't get started against the inspired Whites Wednesday.

Neither team displayed any form as games went off, tactics were missed and blocks weren't even attempted. However, this was probably a result of the hot weather.

Vinson was best for the gold team, and his power drives through the line accounted for most of the gains. Triplet, Linden and Henderson stood out in the gold line. Petry turned in some brilliant runs for the white team while Addison, Taylor, Hardin and Noy played well in the line. The lineups:

Varnoy	...	McKeehan
Triplet	...	Mitchell
London	...	Now
Gay Taylor	...	Adams
Adams	...	H. Taylor
Hardin	...	Hardin
Henderson	...	Carler
Dale	...	QB

## Bad English Rapped By Bettie Robinson

Bettie M. Robinson, instructor in the English department, spoke at a conversation Monday morning on "Good English." Dr. J. E. Payne is introducing Miss Robinson as the one who had been here at Morehead that long time, teaching in the old Normal School and even before that.

Miss Robinson said that "firm stepping stones are needed in every course" and that "good English" should be required in all courses. "The student should not reach the conclusion that good English is only for the English class," she said.

Miss Robinson further stated that the use of a narrow vocabulary should be avoided; that the student should develop a conscience in regard to spelling and punctuation. "Professors who do not require that all written work be in good form," she said.

## REGENTS VOTE

(Continued From Page One.) college generation of power, which the committee declared, would cost more than purchasing the current from a utility company.

The entire faculty was re-employed with the exception of Dorothy Riggs, who will be considered at a future meeting of the board.

On the administration staff, the position of business manager, held by Harlan Blair, was declared vacant, but no successor was named at the meeting.

Ernest Wood, employed in the Registrar's office, was appointed to succeed Mr. James McDonald (nee Virginia Ayres) as faculty stenographer.

Three members of the grounds' force were replaced. They were Oscar Palmer, plumber, and electrician; Thomas Trumbo, fireman, and Sweeney Jackson, carpenter.

Every member of the board was present. They were Superintendent of Public Instruction James H. Richmond, Judge E. W. Seiff, Dr. A. O. Taylor, Dr. J. M. Rose, and Judge Daniel B. Condit.

## SCHEDULE LECTURER

## ROSE-RENFROE

Announcement was made last week-end of the marriage of Miss Lake Rose, of Ashland, to Mr. Emmitt Renfro, of Bellefonte, on April 10, at Grayson, with Reverend Louis Hall, pastor of the Mission Baptist Church, officiating. Mrs. Renfro is a supernumerary at the Morehead State Teachers College.

## TO PRESENT PLAYS

(Continued From Page Two)

Prichard and Virginia May.

"The Riting of the Moon," Irish drama at its best, is based on the meeting of an Irish sergeant of police, played by John Sherry, and an Irish negro, played by Paul Berke, on a dirty waterfront.

Members of the cast are Carlos Wray and John K. Wells. "All on a Summer Day" is a light fanciful portrayal of the fulfillment of three sisters' ambitions, and will appear especially in the more romantic nature. Madeline Wray, Buena Ramsey and Goldie Combs play the three sisters while Elsie Blivins takes the part of an angry nanny.
